

Year 5 - Summer Term

Maths

Throughout all our maths lessons we work through a variety of differing fluency, reasoning and problem-solving tasks. During the summer term, we will be focusing on children's understanding of fractions, decimals and percentages.

Reading

We read a wide range of texts in our whole class reading lessons, many of them linked to our curriculum. *Beowulf* and *A Series of Unfortunate Events* are the main texts of focus this term. Children will develop their comprehension skills through these rich and engaging texts. As part of reading enrichment, your child's class teacher will read *Peace Maker* and *High Rise Mystery*.

Writing

During this term we will use the texts *Beowulf*, *A Series of Unfortunate Events* and *The Highway Man*. The texts will lead to the following writing outcomes:

- Narrative - *Beowulf*
- Poem - *The Highway Man*
- Playscript - *A Series of Unfortunate Events*
- Balanced Argument - *Tudors*

Science

Children will describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird. Pupils will be learning the life process of reproduction in some plants and animals.

P.E.

We begin the term with tag rugby and cricket. Children will then move onto athletics in preparation for sports day.

History

Pupils will learn about their own local history. They will find out about Camberley from its earliest settlement to the present day. Children will present, communicate and organise their ideas from the past in a variety of ways.

Computing

Building on their knowledge of coding a physical device from Year 4 using Lego WeDo. Children will be programming using a motor and distance sensor.

R.E

Children will be learning how a Mosque can help them learn about the Muslim faith. For Christianity, children will learn about how God is three yet one.

Learning for Life

Children will be learning about building positive relationships online. Pupils will learn about their rights and responsibilities within an online community and how to stay safe online.

MFL

Children will recognise and recall various items of clothing during the Summer term. They will go onto revisit the use of the possessive adjective 'my' in French and describe clothes in terms of colour.

How can I support my child?

Regular reading and discussion with your child about their chosen reading book is still very valuable. Encourage them to record their reading and to complete the weekly task in their reading diary. Supporting your child with the learning of their weekly spelling and mastery of the multiplication tables is also a valuable skill.

In addition to the above, children will also receive weekly Maths and English homework tasks that will be uploaded onto Google Classroom.
