

Nursery - Autumn Term

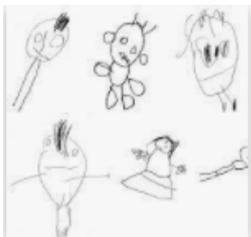

Throughout our maths sessions we work through a variety of differing fluency, reasoning and problem-solving tasks. During the Autumn term we will be focusing predominately on orally counting up to 10 and singing lots of number songs. We will also look at sorting items into colour, shape and size.

Reading

We read a wide range of texts in our reading enrichment that link to our topics 'Why do you love me so much' and 'Is it shiny?' This term we will have a number of focus stories and texts including 'Guess how much I love you', 'Love Monster', 'Sometimes', 'My Mum' and many more excellent texts. During our reading sessions we are encouraging the children to talk about the pictures within the books, to hold the book the correct way and turn one page at a time independently.

Writing

We will encourage children to distinguish between the different marks they make, there will be opportunities for writing linked to role play, name writing, drawing shapes and different mark making opportunities both inside and outside. They will start to describe the marks they have made.

Communication and Language

We will be working on understanding the simple routines of the day and how to communicate our needs to the adults and children within the room. We will also be building on concepts and developing vocabulary linked to our topics and to talk about their experiences and what they have been doing at home.

Understanding of the World

We will be learning about different ways of living and focusing on how people have similarities and differences. We will be finding out about festivals and celebrations such as Christmas, Diwali and Bonfire night.

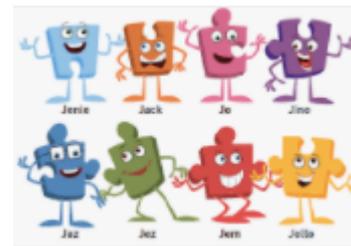

P.E.

This term we will be doing Funky Fingers daily. Each day the children will participate in a short Funky Fingers session to support and develop gross motor and fine motor skills. The children will also have specialised PE sessions where we will be focusing on co-ordination and focusing on eye contact and listening.

Learning for Life

In P.S.H.E we follow the Jigsaw program looking at 'Being Me in My World' and 'Celebrating Difference'. We have also been looking at a

number of areas related to anti-bullying week and how we are all different.

How can I support my child?

Daily reading and discussion with your child about their chosen reading book. Encourage them to explain why they chose the book, what do they think will happen next? Can they recall what has happened so far or make predictions? Please upload your reading to BoomRead.
