Using Photographic Images of Children Consent Form

Child's Name:	Class:
---------------	--------

As a school, we regularly use photographs to show how our pupils and the school as a whole develop. Images can also help us illustrate and communicate with parents about upcoming events and can help advertise and market the school to prospective parents.

Consent to using your child's images will last throughout your child's time at the school and will continue to apply for a short time after they leave, in line with the school's data retention policy.

You can withdraw your consent at any time by sending an email to schooloffice@southcamberley.surrey.sch.uk asking the school to stop using your child's images. At that point they will not be used in future publications but we cannot prevent them from continuing to appear in publications already in circulation.

Please could you complete the table below to give your consent to the use of your child's images for different purposes.
